You are invited to an Open House regarding a Central project near you!
Springmaid 100kV Transmission Line

Dear Neighbor,

You are receiving this Open House invitation because you are a property owner and/or tenant near a proposed project for Central Electric Power Cooperative, Inc. (Central). Central is responsible for working with your local energy cooperative to provide you with reliable power. Due to the growing needs in York County, a new transmission line approximately two miles in length will be constructed in the Fort Mill area. A map is enclosed showing the preliminary route options with segments identified by letters. The final selected route will be a combination of several segments.

We are committed to meeting the energy needs of the community by maintaining and delivering a power supply which balances price, reliability, and environmental stewardship. We are inviting you to learn about the new transmission line project and welcome your feedback.

Open House Session

Courtyard by Marriott at 1385 Broadcloth Street, Fort Mill, SC

September 22, 2021

Please stop by between the hours of 4 pm and 7 pm

Project staff will be at information stations to discuss key elements of the project. This will not be a seated presentation, but rather a walk-through open format. You will have an opportunity to ask questions to our subject matter specialists, complete a feedback survey, and view an interactive parcel map. Beginning September 22, the information featured at this open house will also be posted on our website at www.cepci.org/Springmaid.

To contact Central about this project, please email the project hotline or call our automated voice messaging system. A staff member will respond to you within two business days.

Project Email: Springmaid@cepci.org

Project Hotline: (803) 888-1060

We look forward to working with you to provide a reliable, long-term, and stable supply of power to best accommodate the growth of our region.

Thank you,

A handwritten signature in cursive script that reads "Todd Berrian".

Todd Berrian
Manager of Property and Right of Way
Central Electric Power Cooperative, Inc.

Parcel Identification Number:

Following the CDC's recommended guidelines as of September 2, 2021, we are requesting that all attendees wear masks while inside the venue. We will have masks on hand should you need to be provided one, as well as hand sanitizer.
